1 in 3

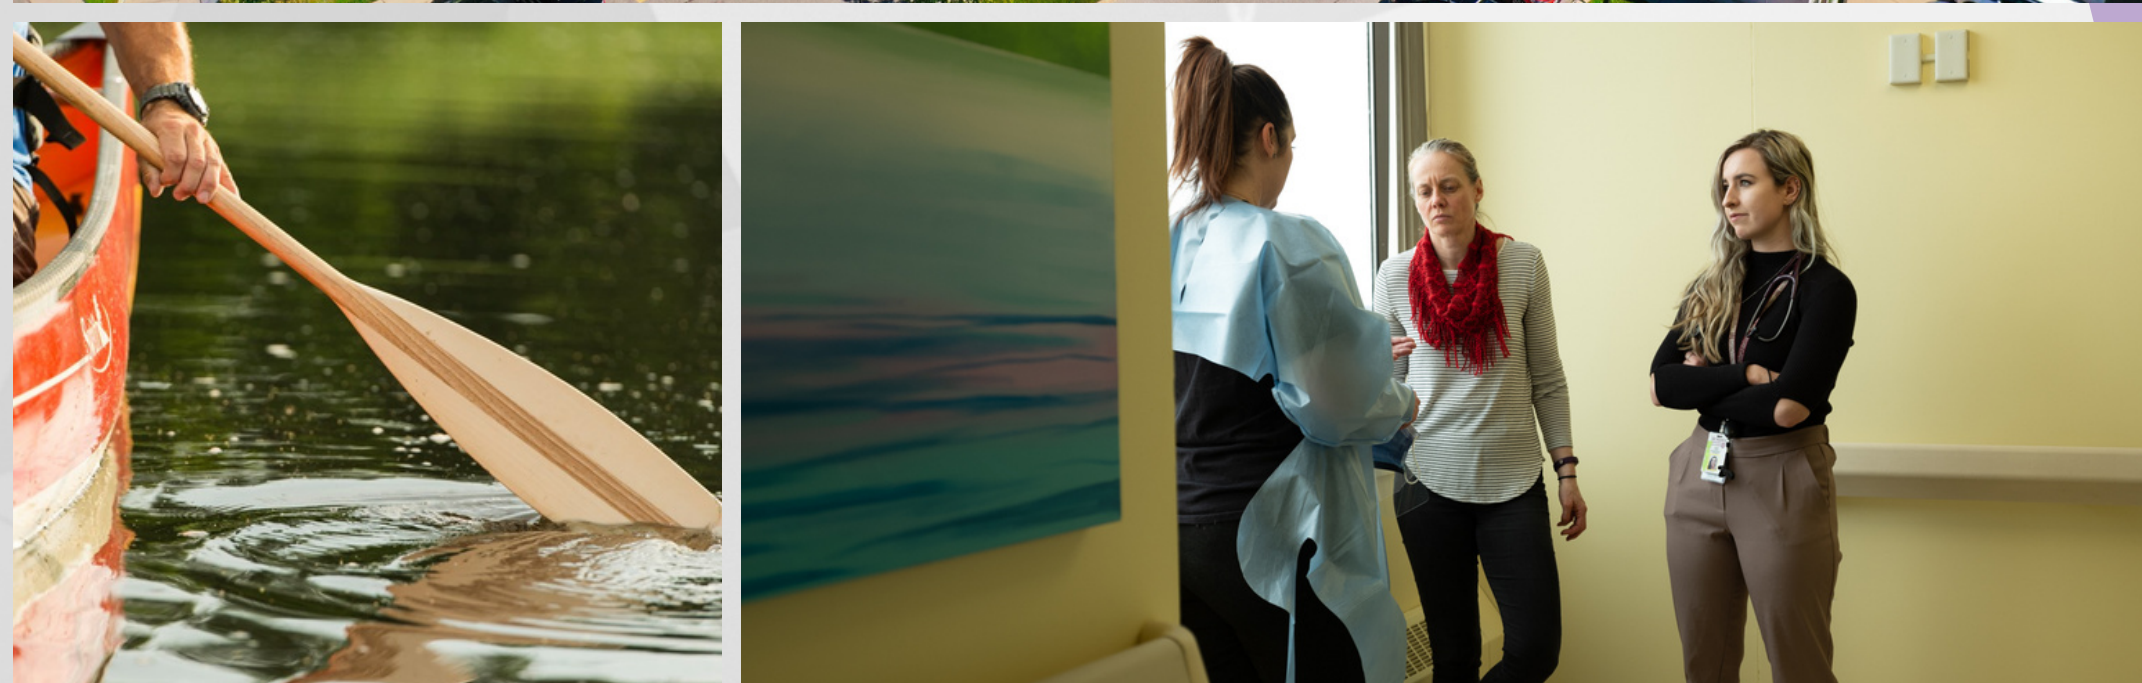

Qualifications

- College of Physicians and Surgeons of Ontario (CPSO) unrestricted license that allows the physician to fulfil the requirements of this position.
- Fellowship or Certification in Psychiatry recognized by the Royal College of Physicians and Surgeons of Canada (RCPSC)

OSMH is a schedule 1 psychiatric facility with 25 in-patient beds in addition to a robust out-patient psychiatry program, a day hospital program and crisis services. The mental health program is staffed with about 90 interdisciplinary employees including RNs, RPNs, Addictions Counsellors, Social workers, and OTs.

We are a unique program in that our in-patient unit is staffed with a psychiatric hospitalist. This physician is on-site daily, working alongside the mental health team and is responsible for managing all in-patient medical issues. In comparison to other psychiatry placements, OSMH psychiatrists are remunerated well by these sessional/stipend fees.

We are a growing community that now has an established University Campus. Situated between Lake Couchiching and Lake Simcoe we are just 1 hour outside of the Greater Toronto Area. The community is well known for its hiking trails, the numerous lakes and rivers, skiing, mountain biking as well as a vibrant and ever-developing downtown with numerous restaurants and services.

Inpatient Mental Health

Registered Nurses, Registered Practical Nurses, Recreation Therapist, Addictions Counsellor and Social Work

Community Mental Health Services

Community Support Workers (DSW, RSSW) and Social Workers that are Master's prepared
Perinatal Mood Disorder Coordinator

Day Hospital/Acute Outpatient Services
